CNN Yachts and the Turkish shipyard AES Yacht unveiled their latest sale at the recent Monaco Yacht Show. The 68-metre is a full-custom five-deck from their all-new Ice Yachts explorer vessel series which also spans 65 to 75-metre models. M/Y Day's will be delivered to her owner before the middle of 2018. The award-winning Hot Lab Yacht & Design will style the interior and the exterior, while Endaze Marine of Turkey is doing the naval architecture. Twelve passengers are accommodated in all with the entire upper deck given over to the owner's quarters

which comprise a forward stateroom with all-round floor-to-ceiling windows, two walk-in closets, two bathrooms, a gym and massage room. The guest accommodations on the main deck include three spacious VIPs. 18 crew are quartered on the lower deck. The interiors have a warm, bright ambience despite their minimalism. Other pluses are a helipad and direct access to the sky lounge conference room from the exterior tender arrival position.
