ANNUAL RENDEZ VOUS 2019

"Friday the 29th of November we had the pleasure to host in the Larusmiani boutique, in the heart of Milan, our friends and customers for the fourth Hot Lab Rendez-vous THE ITALIAN GENTLEMAN. The Hot Lab team organised this event to say thank you to all their clients & friends. A special thanks to our strategic partners thanks to whom it was possible to realize not just this beautiful event but also the yachts delivered in 2019: Guidi srl, Cantalupi Lighting, Foglizzo Leather and Tabu - Colors of wood. During the event the Hot Lab has focused his attention on the projects for Arcadia Yachts, Baglietto, RMK, Sarp Yachts and Turquoise. Hot Lab has also presented for the very first time 3 new teasers that will be announced in 2020.

The studio has also expanded its expertise in the architectural and design field presenting the project of a boutique hotel and a brand new furniture collection in collaboration with Paolo Castelli Spa. The event was created with the fundamental support of Baglioni Carlton Hotel Milano, Marchesi Antinori, Nautica Italiana, Esther Maison Creative and Nuart Events.
